

Dear Parents,

This year we are excited to offer the option of purchasing birthday treats for your child's class through the cafeteria with Mrs. Valentine our cook. She will offer peanut/nut-free treats and allergy-free options and pricing which are appropriate for individual classes (and determined by that class' student allergies). Parents must give **one-week** advanced notice. Other than ordering birthday/half-birthday food treats through the school, no other food treats are permitted (families still may not send in food treats). Below is the list of items that are available to purchase for each individual classroom. When ordering, please include the # of items, what day & time you want them & your students name and grade. You may email Mrs. Valentine with any questions, valentine@allsaintscatholic.org, or contact the school office. Please include your payment with the order form below.
